REPORT FROM POLICE

See attached

REPORT FROM COMMISSIONERS

Commissioner Owen- The boys have been working hard, there has been a lot done in the last two weeks, curbs are being cleaned. Veterans got the trees and stumps done, everything looks good, I couple more trees have come to our attention that we will address. Going to get the grinder out, we have gotten a lot done in the last two weeks.

Commissioner Haddix – I've been in contact with two different engineering firms that they are both interested in working with us to develop the lagoon system. My reason for contacting them is unless FEHR Graham will design this for free, I am not willing to spend anymore money with them.

We have talked to a gentleman from Paris that for \$1500 a month will allow us to use his license. As soon as Rob learns the process, we will do our testing in house, that should save us money.

Bryan also brought up concerns with scooters, eclectic bikes etc. running up and down the streets. I believe we need to look into putting some regulations such as a minimum age for safety reasons. Bryan and Chief Dolan will get together to look at ideas from surrounding area to start the process.

Commissioner Wolfe – nothing

Commission Hoult – nothing

Mayor Moore – I want to praise Alex and Rob for what they are doing; the town is really shaping up. There is more to do but we are getting there. Bryan and I will be going around and letters will be sent out.

Commissioner Hoult moved; Commissioner Owen seconded for adjournment @6:35 PM

Janet Vandivier
City Clerk
